

**Holistic Outcomes in Education, Health and Care plans
Wirral
14th December 2021, 9.30 – 12.30**

[Register for the event here by 8th December](#)

Password: CDCw!rra1

This workshop is aimed at a multi-agency audience including practitioners across Education, Health and Care, plan writers, parent carer representatives and SEND Leads in Wirral.

Please note all attendees must complete CDC's [Holistic Outcomes in EHCPs e-learning](#) prior to attending the workshop.

E-learning:

From the e-learning you will have covered:

- Aspirations as the golden thread through the plan
- The importance of children and young people's voice throughout the plan
- What outcomes mean to children and young people, parents and professionals, and how we can bring these all together
- How advice bridges the gap between needs and outcomes
- How to write good SMART outcomes

Access to e-learning: <https://councilfordisabledchildren.org.uk/cdc-learning>

The e-learning consists of 6 modules, each takes around 20 minutes to complete.

Live workshop

The half day online workshop will build on the foundations of the e-learning to identify and celebrate strengths in the local EHCP process, as well as to unpick challenges and agree actions for progress.

The workshop will be delivered via Microsoft Teams.

Content:

- Reflecting on key points from the e-learning and troubleshoot where necessary
- Discussion on strengths and challenges in Wirral's EHCP process
- Discussions on quality assurance processes
- Action planning for progress

Please contact Joe and jfautley@ncb.org.uk if you have any questions.
